

A

Hi-Force products are in use every day in a wide variety of industries including Oil & Gas, Petrochemical & Refining, Power Generation, Steel & Aluminium Plants, Paper Mills, Sugar Refineries, Railways, Mining, Construction, Ship Building & Ship Repair, Aerospace, Defence, Heavy Engineering and the many thousands of industrial service companies supporting these market sectors. Hi-Force hydraulic tools continually satisfy the demands of industry during construction, production, breakdown and routine shutdown repair and maintenance. Every year more and more companies continue to join the ever growing list of satisfied Hi-Force hydraulic tool users.

We are very proud of our latest edition of the Hi-Force hydraulic tools catalogue which now includes over 1800 products. In addition to the large number of new products introduced during 2010, this catalogue features tyre bead breakers, a pipe bender and additional models in the manual pump range. Furthermore, our innovative BoltRight software, designed to accurately calculate the correct torque and tension figures for a wide variety of bolted joints, is now available in multiple languages including Chinese, Dutch, French, Italian, Portuguese and Russian with the addition of further language options an ongoing process. The continuous expansion of the Hi-Force product range enables us to offer our valued customers a “one stop” solution for all of their hydraulic tool requirements.
